

NOAH STRUCK

(567) 240-1026 ♦ n.struck9@outlook.com

Stow, OH, United States

EXPERIENCE

Software Engineer II, RoviSys Jan 2025 - Present

- Built and maintained enterprise software using C#, TypeScript, and SQL.
- Managed project timelines and deliverables with Azure DevOps to ensure successful implementation.
- Contributed to infrastructure and deployment workflows using Docker, improving development consistency and operational reliability.

Mobile Application Engineer, Kent State University Jan 2022 - Aug 2022

- Built a cross-platform mobile app using Flutter to connect and interact with a proprietary device.
- Implemented BLE communication for device discovery and connection.
- Designed intuitive UI for managing BLE device connections and data.

Full Stack Engineer, Eyes Up Inc. Dec 2020 - Aug 2021

- Managed development team operations and conducted infrastructure planning.
- Developed a scalable cloud backend using TypeScript and Firebase to ingest mobile app data.
- Developed a responsive mobile application using React Native, ensuring optimal user experience.

EDUCATION

Kent State University, Kent, OH Aug 2021 - Dec 2024
B.S., Computer Science, Minor in Mathematics GPA: 3.83

PROJECTS

ShowVault Dec 2025 - Present

- Built a web application using SvelteKit for tracking personal show viewing history.
- Implemented dashboards to visualize viewing statistics with Prisma ORM.
- Containerized the application with Docker for consistent development and deployment workflows.

Timekeeper Dec 2024 - Present

- Developed a user-friendly timekeeping application for a digital academy using Sveltekit.
- Implemented intuitive user interface for seamless navigation and enhanced user experience.
- Utilized Supabase for efficient cloud data storage and management.

Syslog Agent Jan 2023 - Present

- Developed a Java-based agent for forwarding Windows Event logs to a syslog server.
- Implemented efficient event log parsing and filtering for resource optimization.
- Conducted rigorous testing for reliable real-time performance with large log volumes.

SKILLS

Languages	JavaScript, TypeScript, Java, Python, C++, SQL, C#
Frameworks	React, Next.js, Flutter, Socket.io, Express
Tools	Git, TFS, Docker, Linux, MongoDB, Zapier
